

Stamford Green Primary School

16 January 2019

Dear Parents/Carers,

YN Astrodome Workshop – Wednesday 13 February 2019

As part of our 'To Infinity and Beyond' theme of learning, we have arranged for Astrodome, a mobile planetarium, to visit school on Wednesday 13 February 2019. The presentation takes the children on an imaginary space flight from Earth to the outer edges of our solar system. We will be looking for stars and planets and enjoying all things to do with space. All children flying in the Astrodome will also receive a certificate recording their adventure and using this experience to encourage lots of talk about space, and to inspire our role play.

You are invited to make a contribution of £2.57 to cover the cost to the school of your son/daughter taking part in the workshop described in the information set out above. We confirm that the contribution represents our estimate of the costs of providing this activity shared equally amongst all pupils. As the resources of the school are limited, the proposed workshop will not take place if there are insufficient contributions to cover the cost. If you would like to pay and are currently experiencing financial difficulties please come and discuss the trip and payment with Mrs Druce as there is always a solution and absolute confidentiality is assured.

If you would like your child to take part in this workshop, you will need to log into Tucasi go to the trip section and pay £2.57 by Monday 4 February 2019. If you have any problems using the online payment system Tucasi, please contact the school office.

Kind regards,

Mrs Frost and Mrs Hughes
YN Class Teachers and Leaders of Learning
