

Stamford Green

Primary School and Nursery

4 October 2023

Dear Parents/Carers,

White Rose Maths Tutoring Provision

I am writing to inform you about a fantastic opportunity which is available for your child to take part in. As a school, we use 'White Rose Maths' as a basis for our maths lessons throughout the school. We have identified your child as someone who will benefit from some tutoring sessions to help boost their maths confidence, knowledge and understanding, in addition to the class maths lessons with their teachers.

So that the children can get their day of learning off to the best possible start, they will need to arrive at school at 8.15am at the South Gate (Nursery) entrance to school every morning, where they will have some time to play at Sunrise (our Breakfast Club) before their tutoring session. If your child has a sibling, they are welcome to join us at 8.15am too so you only have to do one drop off.

Sessions will be led by a member of staff that has been fully trained in the delivery of the tutoring programme and will ensure the children are returned to class at 8.55am, ready to begin their day with their class.

Please can you confirm permission for your child to attend White Rose Maths tutoring sessions by completing the [Google form](#) by Monday 9 October 2023.

We look forward to working with your child from Monday 16 October 2023 at these tutoring sessions.

Kind regards,

Mrs Glaister
Assistant Headteacher/Maths Subject Leader
