Y5 Star Gazing Night

Dear Parents/Carers,

We are holding our 'Star Gazing Night' on Thursday 30 November between 6.30pm and 8.00pm. This will be an opportunity for children to star gaze and use some of the school's technology to locate and track stars, planets and satellites. We will also enjoy a hot chocolate and some treats.

Children may bring in binoculars if they have them, but please do not bring in any valuable equipment.

Obviously, we cannot guarantee weather or visibility so if it is not possible to see the stars or if it is heavy rain, we will use the school hall instead to enjoy some astronomy themed activities together.

We have a science expert joining us to lead a Star Gazing workshop and to cover the costs of the event, you are invited to make a voluntary contribution of £3.73. We confirm that the voluntary contribution represents our estimate of the costs of providing this activity shared equally amongst all pupils. As the resources of the school are limited, the proposed experience will not take place if there are insufficient voluntary contributions to cover the cost. If you would like to pay and are currently experiencing financial difficulties please come and discuss the payment with Mrs Druce as there is always a solution and absolute confidentiality is assured.

If you would like your child to take part in this event, you will need to log into Scopay and go to the trip section, tick the permission box and pay £3.73 by Wednesday 22 November or as soon as possible. If you have any problems using the online payment system Scopay, please contact the office. If you do not give consent, we will assume that your child is not taking part.

Kind regards,

Mrs Temlett, Miss Ozyakup and Mrs Beadle
Y5 Teachers
