

Stamford Green Primary School and Nursery Strategic Plan 2018 – 2023

Introduction

The strategic plan is a high level, long-term plan, extending over a period of 5 years. It sets out the school's vision, commitments and strategic objectives. It is aimed to guide the choices of the school over the coming years as the educational and governance context evolves.

The strategic plan is complemented by the School Success Plan (SSP), which is a shorter-term operational plan. The SSP is developed by the Leadership and Management Team (LMT) in partnership with the school community and sets out, in operational terms, how the long-term strategy of the school is to be achieved.

Our School Vision

To be a continually improving learning community for all, where children realise their potential.

Our School Motto

Working together to be the best we can.

This is brought to life through our seven commitments, to each child, during their journey with us.

Our School Commitments

Inspiring

We believe that the most effective learning comes from having hands on, enjoyable and memorable experiences that feed the imagination and fuel the desire to find out more.

Happiness

It is our wish that the children at Stamford Green feel cared for, so that a sense of fun and positivity leads to happiness in all we do. There are some things in life that we all just have to do, but it is the attitude with which these tasks are approached that matters.

Achieving

Knowing each child's strengths and areas of development allows us to assist every child in moving forward. Giving them individual support and strategies to succeed, aids their improvement and ensures progress.

Values

As a school, the pupils, parents, staff and governors worked together to decide on twenty two values that would become a part of school life. From assemblies and lessons to everyday actions and vocabulary, everyone uses our school values.

*Manners ~ Sharing ~ Courage ~ Tolerance
 ~ Friendship ~ Respect ~ Effort ~
 Forgiveness ~ Hope and Aspiration ~
 Self-Belief ~ Responsibility ~ Reflection ~
 Empathy ~ Honesty ~ Patience ~
 Humility ~ Independence ~ Caring ~
 Making Good Choices ~ Justice ~
 Resilience ~ Co-operation*

Ambition

At Stamford Green we constantly aim to raise children's aspirations, helping them to become lifelong learners. We want to equip them to succeed in the 21st century, as we are not just educating the children of today but the citizens of the future.

Learning

At Stamford Green it is our goal to give all children the chance to thrive and be successful. Children are given wide ranging experiences and opportunities, not only in the classroom but beyond. Individual abilities and talents are recognised, nurtured and developed within a supportive and challenging learning environment.

Togetherness

Together everyone achieves more and excellence comes from creating an open and nurturing environment. Relationships matter and are central to success. Whether you are in the classroom, working with other people for the good of the school or helping our community, we want everyone to feel safe, secure and happy.

Working together to be the best we can

Strategic Objectives

Children leaving Stamford Green Primary School and Nursery will be equipped with the skills, experiences and knowledge to thrive and adapt in an ever changing world. They will appreciate and be inspired by the diversity of the natural environment, people and cultures around them.

We will do this by:

- Creating a virtuous circle of great quality teaching and leadership with a focus on continuous learning, support and challenge.
- Providing an innovative curriculum embracing digital opportunities, technology, the arts and sport, whilst retaining focus on the core subjects.
- Being a centre of excellence for leadership in our educational community, to create mutually beneficial partnerships.
- Investing in a dynamic, high quality learning environment to support the curriculum and wider school life.
- Ensuring the school's financial stability to enable future choices.
- Being a focal point for the local community.
- Promoting well being and resilience for the whole school community.

Evaluation

This Strategic Plan sets out the strategic objectives and gives long-term direction for implementation.

The School Success Plan (SSP), developed by the staff team describes how this strategy is to be implemented in the short to medium term.

There are a number of tools that the Governing Body then uses to monitor both the School Success Plan and school performance. Two key documents used are:

Information and Fact Sheet Report -The termly Information and Fact Sheet Report provides Governors with the key indicators of academic progress and a financial update at the school.

School Evaluation Document (SED) - We recognise the importance of self-evaluation as a crucial part of our school's ongoing cycle of reviewing and planning. The SED and SSP evaluation will outline the progress our pupils and school are making against our strategic objectives.

Strategic Plan Review

The plan will be reviewed annually at the first Governing Body meeting of the school year. It will be revised every 3 years, whilst maintaining a long-term perspective, extending over 5 years.
