## Primary School and Nursery

15 October 2025

Dear Parents/Carers,

### **Y5 Astrodome Workshop – Friday 14 November 2025**

To complement our learning in science, we have arranged for Astrodome, a mobile planetarium, to visit school on Friday 14 November 2025. The presentation takes the children on an imaginary space flight from Earth to the outer edges of our solar system, teaching the all important movements that affect our everyday lives. It includes explanations of night and day, earth and moon systems, eclipses and much more and promises to be a very exciting and interesting morning.

You are invited to make a voluntary contribution of £6.35 to cover the cost to the school of your child taking part in the workshop described in the information set out above. We confirm that the voluntary contribution represents our estimate of the costs of providing this activity shared equally amongst all pupils. As the resources of the school are limited, the proposed workshop will not take place if there are insufficient voluntary contributions to cover the cost. If you would like to pay and are currently experiencing financial difficulties please come and discuss the event and payment with Mrs Druce as there is always a solution and absolute confidentiality is assured.

If you would like your child to take part in this workshop, you will need to log into Scopay, go to the trip section and pay £6.35 by Friday 24 October 2025. If you have any problems using the online payment system Scopay, please contact the school office. For families in receipt of Pupil Premium/Free School Meals, the premium will cover the cost of your child taking part.

Kind regards,

Mrs Temlett, Miss Penn and Miss Jenkins  
Y5 Class Teachers
