

Stamford Green

Primary School and Nursery

19 January 2026

Dear Parents/Carers,

Club Room Weekly Information – w/b 19.1.26

Golden Books

Later this week we will be sending home Golden Books for you to have a look as to what we've been learning. Please share what you most enjoyed on the sticker provided, stick in in the book and send the book back to school the following week.

Pizza making

This week we will be making pizzas. It would be great if you could discuss your favourite pizza toppings at home. All ingredients will be provided. The children will be trying them at school and bringing anything left over home.

Celebrating Neurodiversity with Lego

This is a great video explaining Neurodiversity and celebrating every individual.

<https://www.youtube.com/watch?v=b3rj9nUv0Qg>

Our Second Hand Uniform Shop will be open on Wednesday 21 January between 8.35am – 9.00am in the Club House. Please enter and exit via the South Gate. All items are priced at £1 each.

Zones of Regulation

This week we are continuing our focus on how we feel when we are in the Green Zone and how we can communicate effectively. We will also be sharing what helps us to remain in the Green Zone.

Values

Last week, the children worked brilliantly together, demonstrating the value of co-operation. We made cakes, which was a great success. This week, our value focus is effort, with the children working both independently and as a team to make pizzas.

Learning

Our aims for the children's learning this week are:

Learning in the **EYFS** will be play based, with a continued focus on supporting smooth transitions throughout the day. Adults will encourage children to independently complete short, achievable activities, helping them to become ready to learn and more independent.

In **Key Stage 1**, children will take part in play-based activities that encourage effort, including trying their best, persevering with challenges, and learning from mistakes.

In **Key Stage 2**, children will continue to engage in bespoke English and mathematics activities tailored to their individual needs, with opportunities to apply these skills practically, such as when making pizzas.

Have a great week,

Miss Burgess and Mrs Thomas
Club Room Teachers
