

Stamford Green

Primary School and Nursery

Dear Parents/Carers,

Club Room Weekly Information – w/b 14.9.2026

Ready to Read

We have been completing lots of reading in the Club Room this week, both with adults and independently and we would love if some reading could be completed at home and written in the Learning Journal.

Routines

As we have finished our first full week back at school, the children have been amazing at getting used to both old and new routines.

Highlights

There have been some brilliant moments this week, such as amazing English writing by one of our KS2 pupils, and some sensational phonics by our KS1 pupils.

Weekly Value

Last weeks value was resilience, and we had some amazing conversations about how we can be resilient. This week we will be focusing on **respect**. We will be having conversations about different ways that we can show respect, and how we can support others in being respectful.

Zones of Regulation

In the Club Room this week we will be having a focus on the blue zone, thinking about what feelings are associated with the blue zone. It is also important to support children in understanding that the blue zone is not just sadness, but can be anxiety, tiredness and loneliness.

Learning

For our KS1 children, they will be completing lots of phonics work, with a focus on their sound blending. As well as this, there will be many activities based on developing their fine motor skills.

For our KS2 children, they will be looking at the different features of a non-chronological report and why each of the features are important. As well as this, they will be continuing to develop their times tables skills (which they have been smashing this week!), and practice some reading aloud.

Have a lovely week,

Mrs Smith, Mr Adams and Mrs Thomas
Club Room Teachers
