

Stamford Green Primary School

20 April 2020

Dear Parents/Carers,

Welcome to Stamford Green Primary School and Nursery

We are delighted to welcome you and your child to Stamford Green and are so happy that you and your family are joining us.

Your child has a place in one of our Reception classes for the next academic year, where we aim to provide all pupils with an excellent start to their lifelong learning. This year, we are facing unprecedented circumstances as all schools in England are currently closed as part of measures to prevent the spread of Covid 19.

At this stage we must ask for your flexibility and support, as we are unable to finalise our plans for welcoming our new Reception children until we know when schools will be allowed to reopen. Regardless of when this is, we anticipate that our school induction process will differ considerably from previous years in order for us to ensure that we are supporting all children in our school community through the disruption that they are experiencing.

Until we are able to welcome you to school in person, we would like to invite you to keep in touch with our school through our website www.stamford-green.surrey.sch.uk and our Twitter feed. Members of our community share what they have been doing by using #stamfordgreenpics – we would be delighted to see some of our future Reception children joining in too!

Every year it is our mission to give our new pupils a supportive and smooth transition to Reception and I would like to reassure you that this year will be no different in that respect. Our school Leadership team will work closely with the Reception teachers to plan for the best way for your child and their classmates to take their first steps into school life. I look forward to being able to share these plans with you, alongside how you apply for a place at our Extended Services, if you need it, once our country begins to come out of the current emergency measures.

In the meantime, please don't forget to accept your school place with Surrey and thank you for your understanding and patience. I hope that you and your loved ones stay safe and well in the coming weeks.

Best wishes,

Mrs Druce
Headteacher
