On behalf of our Director of Sport I am contacting you with an amazing opportunity for your U10 and U11 hockey players. Please could you forward this email to any families that may be interested and ask them to email me if they are interested in joining us and I will give them more information re directions/parking etc.

On Wednesday 16th October, Epsom College invites you to its new water-based facility (see photo attached) to train alongside current GB stars, including Rhys Smith and Tess Howard. Rhys is the founder of Hockey Inner City, an initiative looking to improve the accessibility of hockey to local children.

Together with the Epsom College coaches, they will run a 90 minute masterclass focusing on shooting, dribbling and elimination, defending and ball control.

There is no cost for this session, all skill levels are welcome and hockey sticks can be provided too.
