

COVID-19 REMINDERS

STAMFORD GREEN PRIMARY SCHOOL AND NURSERY

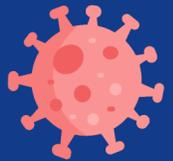

SOCIAL DISTANCING

We cannot patrol the pavement outside of school and the field, so we are relying on you. We have some families who have experienced a loss as a result of COVID-19 and are understandably still very nervous. We know it will make a long line, but please try your best to keep 2m apart from each other and hold onto your children on the pavement outside of school and when you are in the school grounds at the West Gate.

TESTING AND SYMPTOMS

If we hear of someone in a class having a positive test result we will let you know what the next steps are after speaking to Public Health England. We will not inform you if its negative, as the office would spend their days messaging. It is so important that if your child displays any COVID-19 symptoms, you must get them tested before they are allowed to return to school.

PLAY EQUIPMENT AND TREES AT THE WEST GATE

Please keep your children off the equipment and trees when you are collecting at the West Gate. It is really important that we try to keep the different year groups apart as far as we can so please keep your children with you once the teacher has dismissed them. During the school hours we have been so impressed with your children, they are all superstars!

EAST GATE

In the morning, if you arrive before your child's year group is going in, please take a little stroll and come back or wait in your car. This ensures that adults can socially distance and keeps us all safe. Thank you for walking around between sibling collection times at home time and helping us to keep the site clear for the next year group. Please do not wait by the East Gate for siblings. Please do not let your children ride their scooters or bikes on the school premises as the pavement is too narrow and we don't want anybody to be hurt or any car to be damaged.

THANK YOU

This is still a tricky time, especially as the numbers of COVID-19 are increasing. We have been so happy to open the school fully but we need your help as we don't want to have to close year groups and have people self isolating for 14 days. Over to you!

We need your help to keep school open!
