

Primary Sports Funding 2017-2018

Introduction

At Stamford Green Primary School and Nursery we believe PE and sport plays a vital role in bringing our school motto of 'Working together to be the best we can' to life for every pupil, with the potential to change young people's lives for the better. We are very proud to have been awarded the Gold Sainsbury's School Sports Mark again this year as we feel this reflects our ongoing commitment to the participation in and enjoyment of, sport for all.

At Stamford Green we are committed to using the sports funding resource to develop high quality PE lessons, alongside greater opportunities for sporting competitions and clubs for all our young people.

Sport Premium Grant

- Total number of primary aged pupils between the ages of 4 - 11 at Jan 2017 = 510
- Estimate of total amount of Sport Premium Grant received for the academic year of 2017 – 2018 = £19,920

What does the Sport Premium mean for my School?

The DfE Guidance for PE and Sports premium for primary schools (October 2017) states:

Schools must use the funding to make additional and sustainable improvements to the quality of PE and sport you offer. This means that you must use the premium to:

- Develop or add to the PE and sport activities that your school already offers.
- Build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years.

There are five key indicators that schools should expect to see improvement across.

- The engagement of all pupils in regular physical activity - the Chief Medical Officer guidelines recommend that all children and young people aged 5 to 18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school.
- The profile of PE and sport is raised across the school as a tool for whole-school improvement.
- Increased confidence, knowledge and skills of all staff in teaching PE and sport.
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport
